14. [REDACTED] LEGISLATION Called Committee on Human Resources Subcommittee on Health and Scientific Research to check on whether S. 2579 the "Biomedical Research" bill had passed on the Senate floor. Mr. Wenger, Subcommittee staff, was unavailable, but the person I spoke with was able to inform me that the bill did pass on the Senate floor last evening.

15. [REDACTED] LIAISON Took a call from Larry Sulc, Minority Consultant, House International Relations Subcommittee on International Organizations. Sulc said that he and Beverley Lumpkin, of the Subcommittee staff, would like to talk with us concerning the Senate Select Committee on Intelligence news release of Thursday, 22 June on "Activities of Friendly Foreign Intelligence Services in the U.S.: A Case Study" which concerns the KCIA. Sulc said that some of the material in the Senate Select Committee on Intelligence report raised questions as to whether the Subcommittee on International Organizations had been accorded access to all pertinent information on certain points. I told Sulc that we would be happy to talk with him and Ms. Lumpkin about it.

16. [REDACTED] LIAISON Had a series of conversations with Bill Miller and David Bushong, Senate Select Committee on Intelligence staff, concerning the Director's testimony before the Committee on 7 June and information on [REDACTED]

17. [REDACTED] LIAISON Tom Latimer, Staff Director, House Permanent Select Committee on Intelligence, called and in response to his query I said I sent him the Herb Hetu, PA, press release on "Cuban and Soviet Assistance to the Katangan Insurgents" on 15 June.

Latimer also asked that a briefing by the Director be scheduled on [REDACTED]

18. [REDACTED] LEGISLATION Called Naomi Sweeney, OMB, and told her of the problems we were having in getting the OMB letter to reflect the Administration's position on the role of the ambassador amendment, informing her that James McIntyre, D/OMB, agreed with the Director's position but somehow this word has not gotten down to the drafters of the letter. She promised to do what she could but said maybe we would have to wait until conference, but she did agree with me that obviously it would be much better if the letter from the Administration reflected the position that OMB agreed to and that no comment would appear to be viewed as an endorsement of the amendment.
